Part of me is ambitious, part of me is sad.
Part of me is nervous, part of me is glad.

These four great years will be always etched
in my heart,
And soon each of us will take a new start.
We are forever friends, going our separate ways,
With graduation close amongst the shortening days.

Words cannot describe what all we have been through.
Laughter and joy were many--and pain and tears
were few.
We have formed lasting memories creating a love divine,
But too soon we must all cross that graduating line.

Goodbyes, farewells, and hugs will be in the air.
"Keep in touch" will be exchanged everywhere.
Some will stay in town, some will travel far.
Just remember how special each of you are.

Will we ever meet again? I do not know,
But it is going to be hard to let you guys go.
Cherish the smiles and other expressions.
Never forget we made eternal impressions.

Fate brought us together, and love made us friends.
Now the time has come, and high school is at its end.
My eyes are moist with teardrops, and I am trying not
to cry,
But how does one gather the strength when it's time to
say goodbye?

I love you dearly!

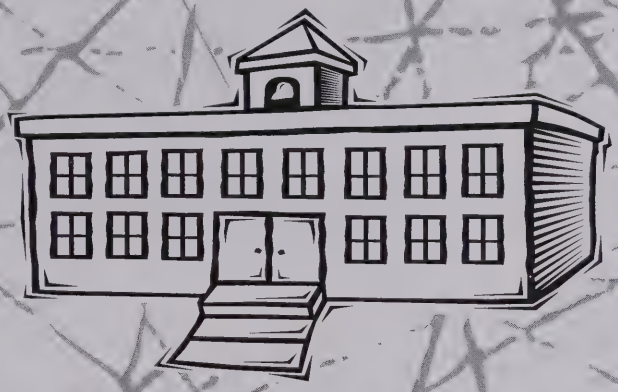
Dedication to James Baldree...

"For life giveth man the knowledge to know, but man giveth love to prosper and grow."

--Angela Baldree



James Baldree generously gave of his knowledge in order to improve the lives of many students in the Hancock County and Bay-Waveland school districts. He is a man of great integrity, and his positive demeanor shines. This school will always remember his unselfish actions and his eternal dedication. The senior class of 1998 would like to convey their gratitude for his many years of service. Thank you for your kindness and love. May your future promise many rewards...

Principal

Sandra Reed

Dear Seniors,

It is with mixed feelings of happiness and sorrow that I write this farewell letter to each of you. Just five short years ago we met and began to build a relationship. I have grown to be very fond of you as a group as well as individuals. It is my hope that I have provided you in some small way with just a touch of the joy you have brought to me. I have shared many heartaches, smiles, outrageous bursts of laughter and tense moments with each of you. Through these experiences, I have grown to know you and as they say: to know you is to love you.

You are a very capable group with unlimited potential. I urge you to capitalize on your strengths as you pursue your dreams. I have a personal passion for Diana Ross and often hear her sing through the tracks of my mind: "No mountain high enough-no valley low enough....."As you leave Bay High School and begin your adult lives, pleases take that thought with you. You can do anything you choose to do. Your yearbook theme is THE SKY IS THE LIMIT-how appropriate for your class! My hope is that you have a dream and that you pursue that dream.

Whatever your dream may be, I wish for your success. I define success as being able to live your dream and live it well. The quote below reminds me of living your dream well.

"If a man is called to be a streetsweeper, he should sweep streets even as Michelangelo painted, or Beethoven composed music, or Shakespeare wrote poetry. He should sweep streets so well that all the hosts of heaven and earth will pause to say, here lived a great streetsweeper who did his job well."

"Martin Luther King, Jr."

Please know that I am always available if I can ever be of assistance to you in any manner. I truly hope that you will feel free to call upon me days or years down the road. From the bottom of my heart, I wish you a lifetime of peace, love, and happiness.

Love,

Sandra Reed

A man said, "The sky is our limit."
& the classes' goals were set
Who would reach it first
Was anyone's best bet.
All thought, 'How hard it would be
To reach so high as the sky.
Maybe we'll get there one day
Depending on how hard we try.'
Everyone thought the goal
They strived for tough
But the mighty sophomores looked
and then they said,
"Will the sky be high enough?"

We, the sophomore class, would like to thank Mrs Lynda Gilmore for her help in everything we have accomplished this year.

A Special Thanks...

All the world's a stage, and all men and women merely players: They have their exits and their entrances; and one man in his times plays many parts...

One man entered our lives as a teacher, but he left as a friend. As you, "Mr. L," exit our stage, we wish to express our sincere thanks for your playing many influential roles in our lives. With your arrival at BHS, drama was born; you taught us to love and appreciate the thespian art. Your many years of dedication will be forever remembered.

Mr. Lembright

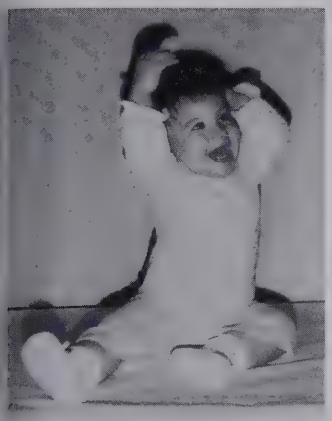
Ode to Josephine



Through the years I've penned the words
To many a poem or some special verse;
I've noted feelings, lows and highs
Or just expressed an opinion of mine.

I've written about so many things
Of friends, love and happenings;
And now I pray that these few lines
Will stay with you for a very long time.

For you are my daughter, unique and dear
I need never ask why you were sent here.
You were chosen by God to live with us
To be our daughter from dawn til dusk.

I look at photos when you were so small
Taking first steps with wobbles and falls;
With a head full of hair, shiny and sleek
Chubby legs, too, and fat little cheeks.

Sometimes I look intently at your face
Searching secretly for an inherited trace
Of my hair, my eyes, my smile or the nose-
But, alas, you are your daddy's sweet pose.

Life's a journey down an unknown road,
With lots of surprises and heart-heavy loads;
So keep on trusting and give God His way,
To work in your life and bless you each day.

All my love, Momma

Congratulations, Josie!

"Sisters"

I feel like I am losing my sis.
We grew up together when we were kids.
We cried when we were sad.
We didn't talk when we were mad.
I feel like I am losing a sis on the twenty-eighth of May.
She will go away shortly after that day.
I will miss her although she will be in my heart
close to stay forever through all my days.

Best Wishes, Rachel!

Love,
Kay

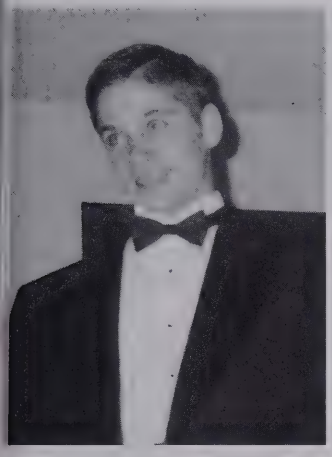
To Our Angel.....



You came into my life and slowly stole my heart
You made me fall in love and swore we'd never part
You made me a part of your world,
A world I didn't want to leave, you made me a part
of your soul, Of your hopes and fears and dreams

You gave me your love so freely, a love only an angel
could give, You taught me so much about life
You showed me the right way to live, You brought
so much joy to my world, You swore your eternal love,
You made my life on earth worthwhile
and I know your waiting for me up above

You don't know how much it hurts, to face the lonely nights,
You don't know the pain I feel the way I am inside
You'll never see the tears, that I've sat and cried
And I can never bring you back to me no matter how I try

You will always live in my heart and mind
Our memories will never fade, Your spirit will forever burn in
my soul, growing stronger with each passing day
Jeremy, You were a gift from God
and the love we shared was true
And if you can hear me from Heaven's gates
Just remember I'll always love you.

When you walk through a storm , hold your head up high
and don't be afraid of the dark - at the end of the rain, there's
a golden ray and a sweet silver song of a lark

Walk on through the wind, walk on through the rain,
though your dreams be tossed and torn
walk on - walk on , With hope in your heart
and you'll never be alone...
You'll Never Be Alone - HE promises you this

That Smile!

You're there for me and I'm there for you. That's what friends are for. I like you because--I just do. When somebody asks me who my best friend is I say, "you," and you say, "me." That's the way it is and will always be.

--Kimberly MItchell

Kim,

The journey that we traveled together for these last four years made us closer friends as well as sisters. I hope we continue to be good friends, so that the steps we take toward the future could be together.
